LoBs and Services

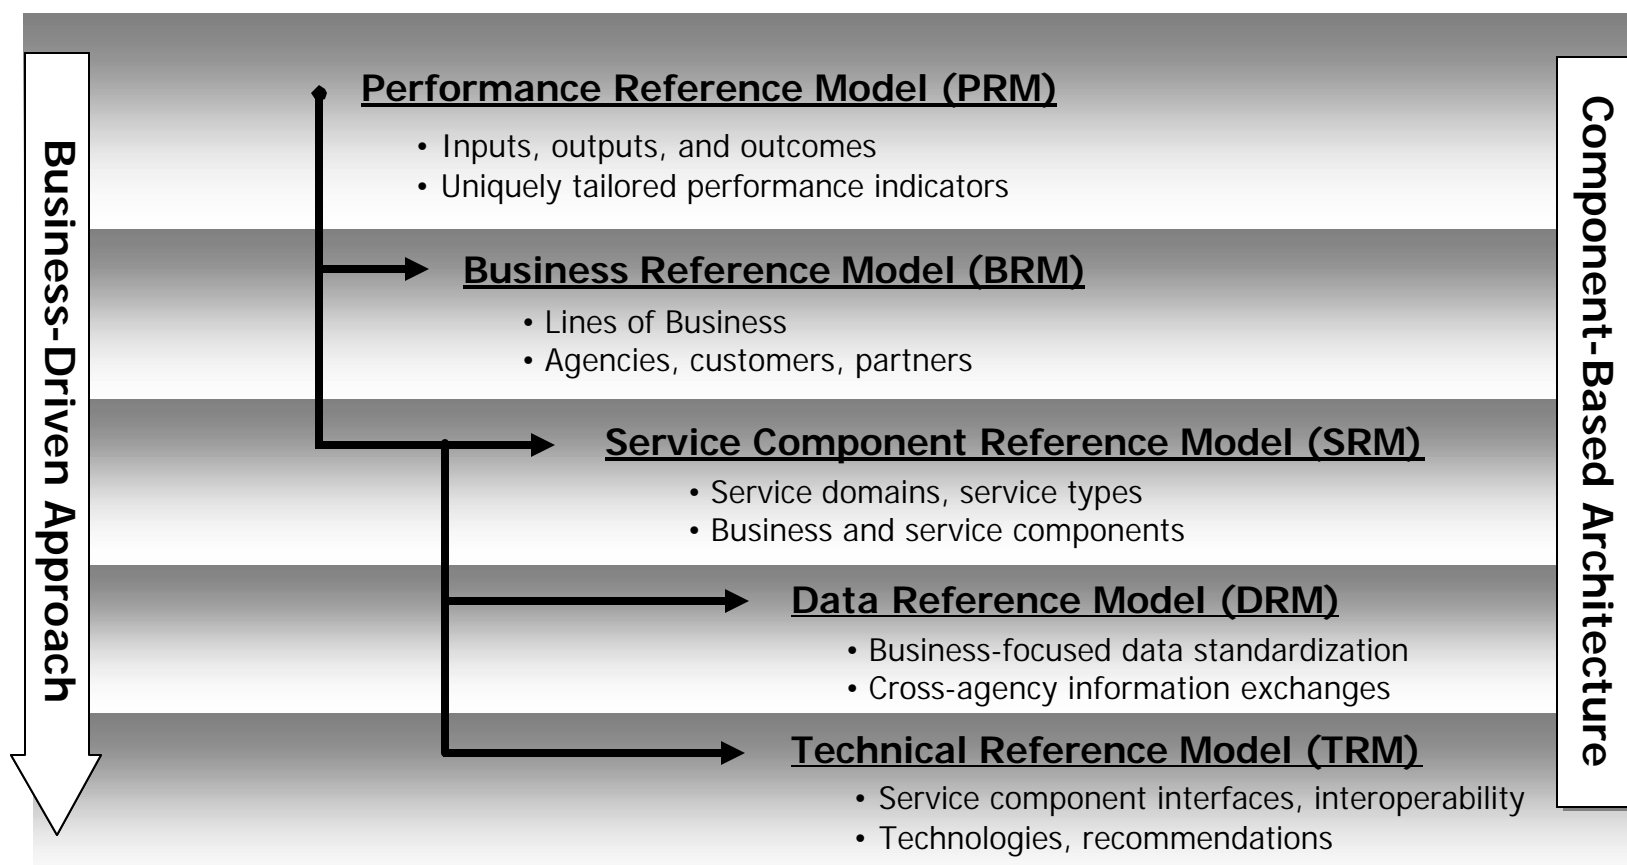

IT Lifecycle Framework

FEA Background

The FEA was established by OMB, with support from GSA and the Federal CIO Council

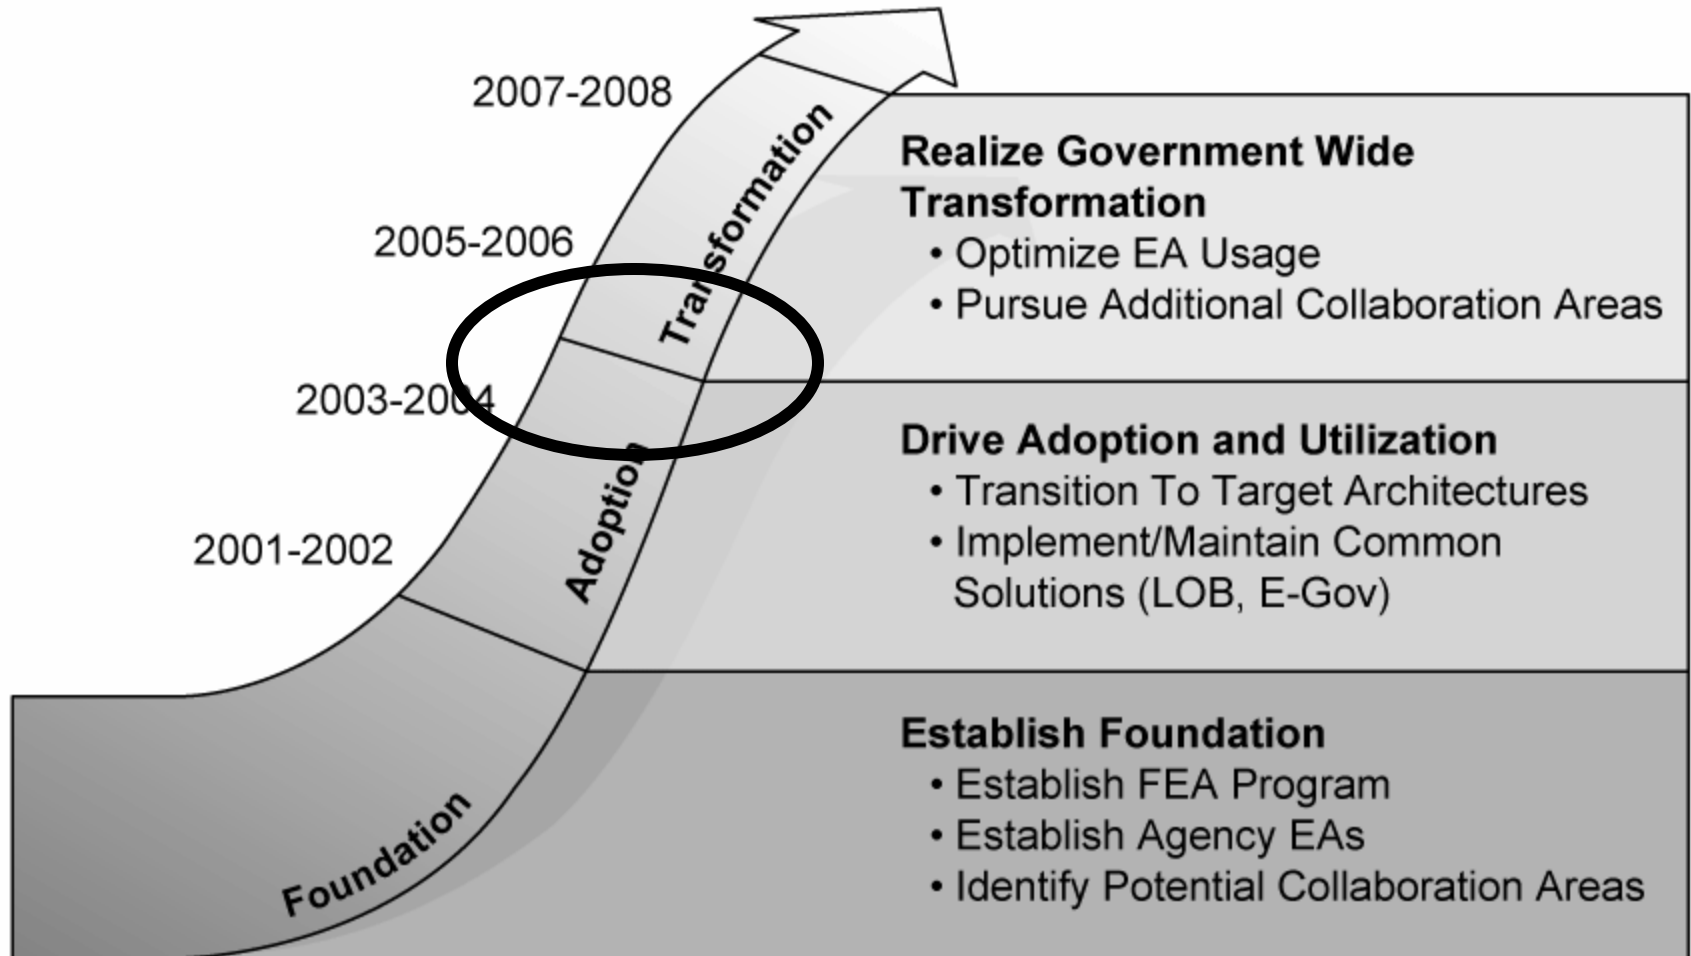

FEA Community

- The FEA will bring its stakeholders together
- Key stakeholders include
 - CIOs
 - Chief Architects
 - Program Officials
 - Agency Leadership
 - Congress
 - Industry
- The FEA needs participation from its stakeholders to mature

FEA Roadmap to Government Transformation

Benefits of the FEA

- Provides a common language and set of work products for implementing EA programs
- Identifies opportunities to eliminate or consolidate redundant applications and processes
- Identifies current and future opportunities for agency collaboration
- Provides a means to gather and review IT data efficiently and effectively

Principles of the FEA PMO

Principles

- **Business-driven**
- **Collaborative across the Federal government**
- **Architecture improves the effectiveness and efficiency of government information resources**

FEA Mission, Vision and Goals

FEA MISSION

Develop and use the Federal Enterprise Architecture to improve government efficiency and effectiveness

VISION

The Federal Enterprise Architecture Practice is the cornerstone for the design, development and implementation of information resources government-wide

GOALS

1. Improve utilization of government information resources to focus on core agency mission and service delivery to citizens by using the FEA.
2. Enhance cost savings and cost avoidance through a mature FEA government-wide.
3. Increase cross-agency and inter-government collaboration.

2005 Strategic Initiatives

- **Articulate FEA Value and Build Trust with EA Partners**
 - Refine the FEA Value Proposition
 - Develop and Implement a Communications Strategy
 - Gather and Share EA Case Studies
- **Evolve the FEA to Drive Results**
 - Establish and Implement a Governance Framework
 - Link the PRM to the PART Framework
 - Align Enterprise Architecture to Agency Strategic Planning
 - Complete the Development of the Data Reference Model (DRM)
 - Engineer the FEA to Standardize Linkages between Reference Models
 - Guide the Development of the Security and Privacy Profile
 - Launch a Records Management Profile
 - Create a Geospatial Profile
 - Develop an Enterprise Architecture Glossary of Terms
- **Develop and Evolve the Lines of Business and Other Collaborative Opportunities**
 - Support the Identification of New Lines of Business
 - Support the IT Security Line of Business
 - Guide Agency Transition Planning Toward Common Solutions
 - Support the Integration of the E-Government and LoB Initiative Architectures
 - Enhance the Value and Business Benefits of Collaboration Tools
- **Measure EA Value with the EA Assessment Program**

FEA PMO 2005 Strategic Initiatives

1. Articulate FEA value and build trust with EA partners
2. Evolve the FEA to drive results
3. Develop and evolve the LoBs and other collaborative opportunities
4. Measure EA value with the EA Assessment Program

FEA PMO 2005 Strategic Initiatives

1. Articulate FEA value and build trust with EA Partners

- ✓ Refine the FEA value proposition
- ✓ Develop and implement a communications strategy
- ✓ Gather and share EA case studies

FEA PMO 2005 Strategic Initiatives

2. Evolve the FEA to drive results

- ✓ Establish and implement a governance framework
- ✓ Link the PRM to the PART
- ✓ Align enterprise architecture to agency strategic planning
- ✓ Complete the development of the DRM
- ✓ Engineer the FEA to standardize linkages between reference models
- ✓ Guide the development of the security and privacy profile
- ✓ Launch a records management profile
- ✓ Create a geospatial profile

FEA PMO 2005 Strategic Initiatives

3. Develop and evolve the LoBs and other collaborative opportunities

- ✓ Support the identification of new LoBs
- ✓ Support the IT Security LoB
- ✓ Guide agency transition planning towards common solutions
- ✓ Support the integration of the E-Gov and LoB initiative architectures
- ✓ Enhance the value and business benefits of collaboration tools

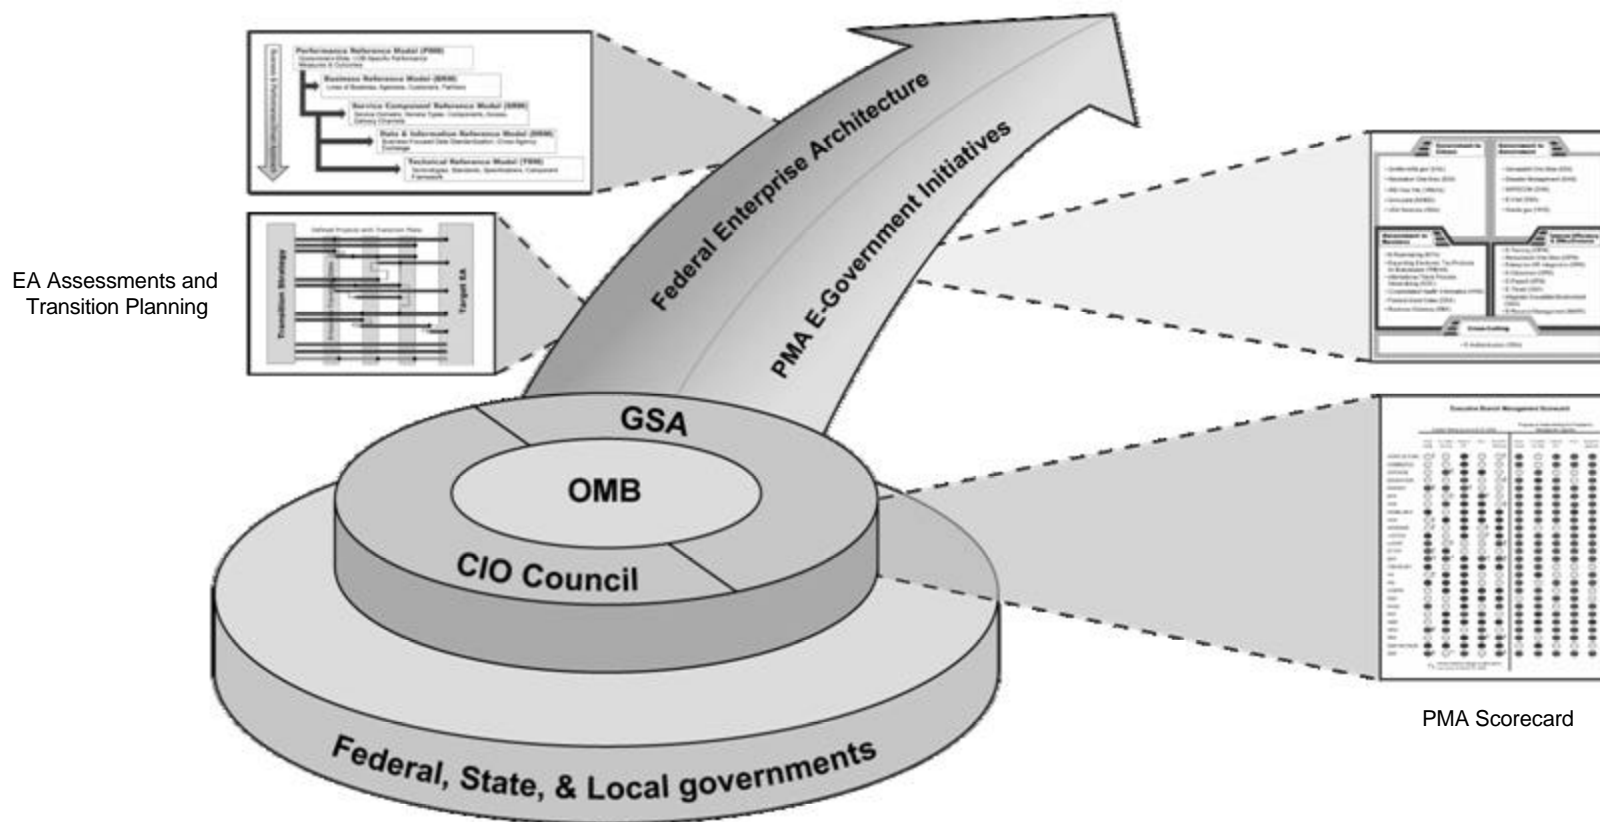

FEA PMO 2005 Strategic Initiatives

4. Measure EA value with the EA Assessment Program

- ✓ Provide assistance to agencies to mature their EAs
- ✓ Evolve EA assessment tool

Realizing Results

- Identification of duplicate investments, gaps, and opportunities for collaboration
- Improved utilization of government information resources to focus on core agency mission
- Enhanced cost savings and avoidance (Improves ROI)
- Simplified IT investment decision-making

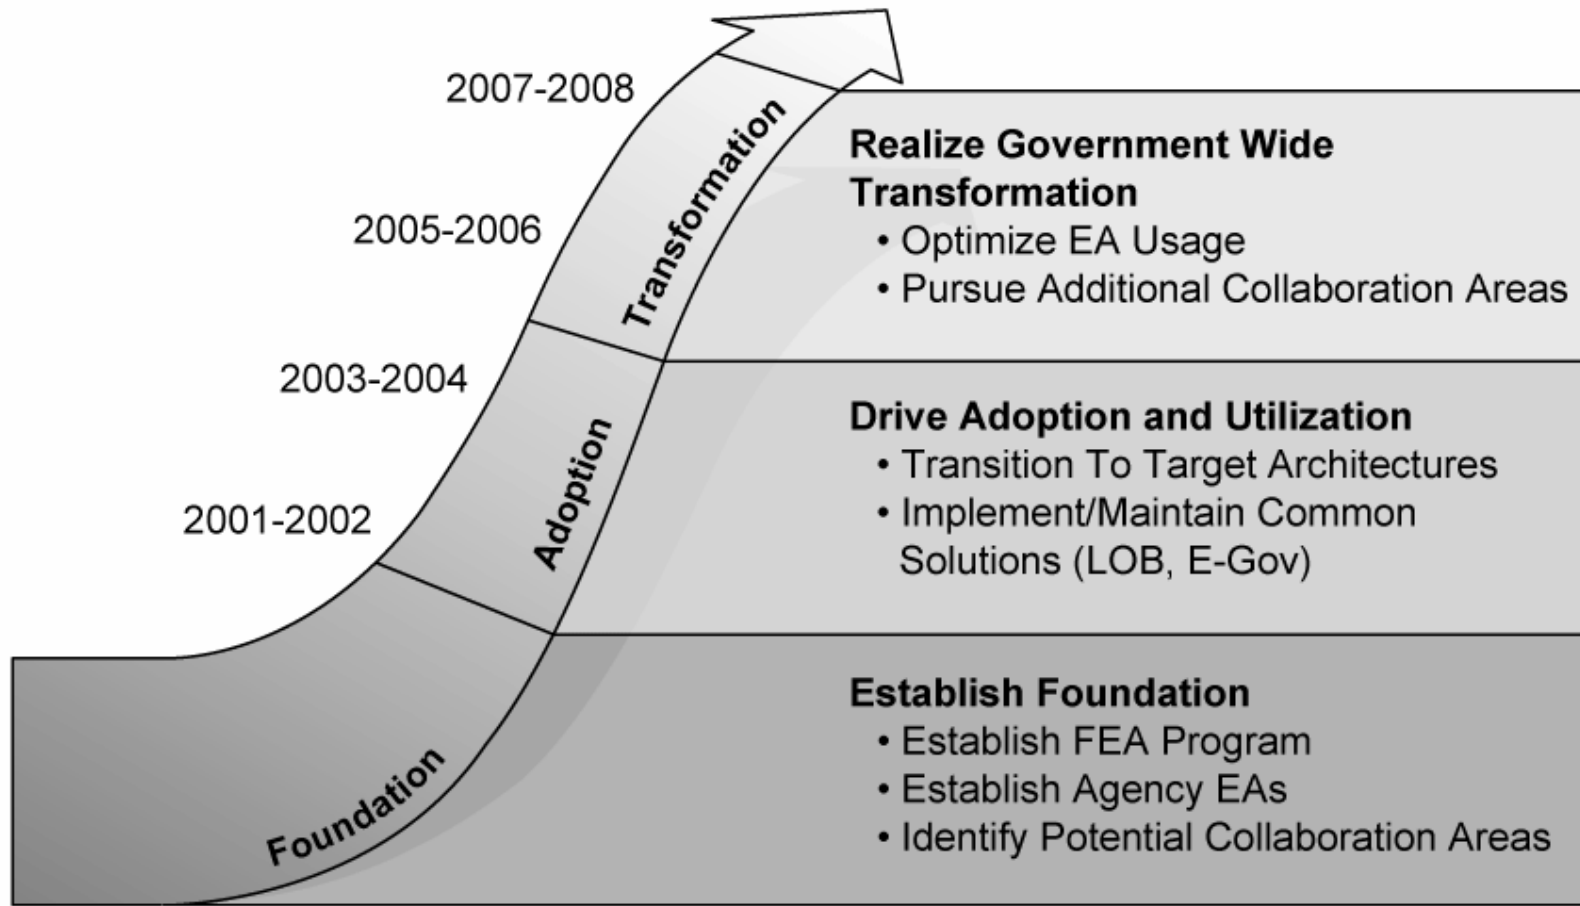

Realizing Results

Government to Citizen	Government to Government
<ul style="list-style-type: none">▪ 3.4 million taxpayers filed using Free-File▪ Recreation One-Stop provided easy access to ~3,000 federal parks & other recreation sites	<ul style="list-style-type: none">▪ 15,000 users registered with DisasterHelp.gov▪ Disaster Management services used in 43 actual emergencies
Government to Business	Internal Efficiency & Effectiveness
<ul style="list-style-type: none">▪ 2.2 million applications received for Employer Identification Numbers (EIN)▪ 350,000 business tax forms filed electronically in first year of availability	<ul style="list-style-type: none">▪ More than 65 million job-seekers used USAJOBS to create over 600,000 on-line resumes▪ E-Payroll consolidating payroll providers from 26 to 2 partnerships

LoBs projected to save over \$5 billion dollars in the next 10 years.
